DAZZLE LIKE A
DIAMOND
SAVE THE BEST FOR LAST!

This year, we are introducing the most durable and highest shine “CERAMIC COATING” on the market. Our extensive research has lead us to this unique formula. We do not offer any misleading or false claims. However, this product will surpass the “Crockmeter” test delivering one of the most enduring results.

The team at 3D stays true to the promise of simplifying the auto detailing process.

3D ONE is another winner. This hybrid cutting compound and finishing polish easily will correct light scratches, swirl marks and holograms. You can use it with your choice of pads to achieve any detailing corrections you need.

3D ONE is a rapid leveler that delivers an exceptional high gloss finish all in one bottle: 3D ONE, 3D SPEED and 3D POXY are all the products a detailer will ever need to complete any perfect paint finish.

We also care for your health. Our Prop 65 compliant products exceed the industry standards and provide a safer work environment.

We Are Confident That You Will Be Impressed By The Performance Of These New Products, And Promise To Continue Providing Safe, Innovative, And Green Detailing Products That Build Upon Our Slogan, “Detailing Made Simple!”

For Nearly 30 Years We Have Created The Best Products In The Detailing Industry. And Now The Wait Is Over...

This Year We Have The Best “Ceramic Coating” For You.

All You Need Is “One”

- Removes Scratches
- Buffs Out Spider Webs
- Wipes Out Holograms
- No Fillers

3D ONE™ is a hybrid cutting compound and finishing polish. ONE product that compounds and polishes by just changing the pad.

3D ONE has specially engineered Nano Ceramic Alumina Abrasives that easily correct medium to light scratches using a DA or high-speed rotary polisher. When applied using a cutting pad, 3D ONE will remove heavy scratches up to p2000 sanding marks. With a finishing pad, 3D ONE will deliver a high gloss finish. 3D ONE is a detailer’s dream as it’s the only product for all your compounding and polishing needs. It’s easy to use, easy to clean up and leaves the perfect finish every time. Works best when applied in shaded areas but is also sun friendly.

CUT with any Cutting Pad

FINISH with any Finishing Pad

Delivers True Paint Correction

The Brand You Trust.
HD Nitro Seal™ is a revolutionary two-part copolymer paint sealant system that is designed to be applied on any painted, glass or non-porous surface. Proprietary European super-polymers cross-link and bond to the surface locking in an incredible look that will outperform any other sealant or wax on the market.

Decontaminate And Protect

HD Nitro Seal Kit: 920K

NANO CLAY PAD: G-09PAD
NANO CLAY TOWEL: G-09T

Nano Clay Pad attaches to a backing plate to quickly and safely remove paint over-spray, rail dust, brake dust, industrial pollution and other bonded contaminants from any surface.

NANO CLAY TOWEL: G-09T
Nano Clay Towel safely removes paint over-spray, rail dust, brake dust, industrial pollution and other bonded contaminants from the surface of automotive paint, glass, moldings and plastic.

FINAL TOUCH: 403

3D Final Touch is a quick and easy way to remove fingerprints and buffer smears for a showroom shine. Works great on paint, glass, and chrome. Spray on cars that are not heavily soiled and wipe off with a soft, clean, dry cloth. Instant deep gloss. Maintains and protects the previous wax. Excellent lubricant for Clay Bars.

CERAMIC COATING

3D Ceramic Coating

A Coating That Finally Rubs Out The Competition With The Crockmeter Test.

No False Claims. Quality You Expect.

The Brand You Trust.
ALL-IN-ONE
Polish & Wax

3D SPEED

- Removes Light Scratches
- Buffs Out Spider Webs
- Wipes Out Holograms
- Polishes & Protects

3D® SPEED™ is the go to, “ONE-STEP”, corrective polish and protecting wax.

3D SPEED will correct most light to moderate paint scratches with a DA or high-speed rotary polisher and your choice of 3D foam pad. 3D SPEED combines Nano compounding, super micro cutting technology to correct most paint finishes. Its durable Montan Wax will create depth in the paint for the ultimate wet-look finish. 3D SPEED works best in the shade but is sun friendly. SPEED can be applied by hand, but a DA or rotary buffer will remove scratches more effectively. Simply add 4 to 5 dime size drops of SPEED on your choice of 3D foam pad and set polisher at 1200-1500 rpm. Work a 2' x 2' area at a time, with a slow to medium back and forth motion, using light to medium pressure. The slower you move the DA or rotary, the more correction will be achieved. Wipe off SPEED with a clean microfiber towel.

3D EZ-Switch Backing Plate System allows you to quickly swap pads without having to remove them from the backing plate which prolongs the life of the pads by avoiding unnecessary stretching.

Back and forth switching between compounds is just a click away. No need for alignment each time.

Perfect system for rotary polishers. Saves time and effort, especially in the body shop business.

Steel locking mechanism ensures a reliable connection between the backing plate, pad and polisher.

SPEED-425

SPEED-425

- Fast Pad Swapping
- Prolongs Pad Life
- Easily Switch Between Compounds
- Reduces Number of Pad Alignments
- Saves Time and Labor

*Patent Pending

**BLACK FINISHING PAD**
This fine finishing pad removes light paint defects and swirl marks.
Available January 2020

**BACKING PLATE FOR DA POLISHERS**
This backing plate is ideal for Dual Action Polishers.

### 3D Flexible Backing Plate
3D Flexible Backing Plate is the ideal backing plate for any rotary buffer. Allows you to also work into curves and angled areas of a vehicle.

### Correction Pads

- **Premium WHITE Lambswool Pad**
  - This 100% natural white wool cutting pad provides a more even displacement of fibers than a traditional wool pad eliminating “bald spots” in the middle of the pad and does not produce lint. Removes oxidation, sanding marks and heavy swirls and scratches.
- **Gold X-TRA Cut Wool Pad**
  - 3D ACA system gold lambswool knitted pad is the fastest cutting pad available. This genuine wool pad is made from the highest quality Australian wool. The thickness of this wool pad creates faster more effective surface leveling on any painted surface.
- **Heavy Cutting Spider FOAM Pad**
  - This aggressive foam cutting pad is ideal for quick removal of scratches, towel marks and oxidation.
- **Finishing Spider FOAM Pad**
  - This medium grade polishing pad removes light swirls and scratches.
- **Finishing Spider FOAM Pad**
  - This fine finishing pad removes light paint defects and swirl marks.
- **Finishing Spider FOAM Pad**
  - This aggressive polishing pad removes oxidation, scratches and swirls. Great to use with compounds.

3D was the original inventor of the Waterless Car Wash 20 years ago. As a matter of fact, 3D is the manufacturer behind many other waterless car wash brands out there. So why settle with anyone when you can buy the best waterless car wash on the internet and available in the market?

When it comes to washing cars, water has always been an indispensable element to do the job. However, using water proved to be wasteful, inefficient, and insensitive to the environment. That is why 3D Products came up with Waterless Car Wash.

After more than 20 years of perfecting waterless car washing, we developed Foaming Waterless Car Wash to improve on an already revolutionary product. This product foams to allow dirt and particles to lift off the paint to easily be wiped away.

- No Hose
- No Bucket
- No Sponge
- No Mess
- Simple spray and wipe process.
- Quick, easy, and effective way to clean your car in less time than a normal wash.
- Great solution for those who can’t do a normal wash due to hose access, city restrictions or apartment life.
- Bureau Veritas Certified

**SUPER CITRUS APC: 1091**

**VOC** B55

NANO DRUM – SUPER CITRUS APC is our new 3D Ultra-Homogeneous, 30:1 Concentrated formula. Super APC is an all-in-one cleaner with powerful cleaning action that leaves a bright clean surface. This formula helps remove natural, organic, and odorous odors. Excellent for automotive, janitorial use, and home use.

**SUPER GLASS CLEANER: 9001**

**VOC** B55

NANO DRUM – SUPER GLASS CLEANER is our new 3D Ultra-Homogeneous, 30:1 Concentrated Formula. A high-performance formula concentrated to deliver 50:1, this formula cleans and Polish glass with ease. Formulated to work on glass, mirrors, and other non-porous surfaces. This formula is non-streaking and free of ammonia and alcohol.

**SUPER WHEEL CLEANER: 1101**

**VOC** B55

NANO DRUM – SUPER WHEEL CLEANER is our new 3D Ultra-Homogeneous, 30:1 Concentrated Formula. A high-performance formula that cleans and Polishes wheels, rims, and tires. This formula is non-streaking, non-sudsing, and free of ammonia and alcohol. Use less, do more.

**SUPER SOAP: 2021**

**VOC** B55

NANO DRUM – SUPER SOAP is our new 3D Ultra-Homogeneous, 18:1 Ultra-Concentrated, Gel balanced powerful vehicle soap. SUPER SOAP can be used in automated car washes or by hand. This highly-concentrated formula delivers rich, full-bodied dense soap foam that easily removes grime, road film and dirt without dulling painted finish.

**Use Less. Do More.**
3D Nano Drum®

Introducing The New Nano Drum
3D has innovated homogeneous SUPER-ULTRA-CONCENTRATE car wash liquids packed into 6-gallon pails that give the same yield as a 55-gallon drum. We have MICRON-HOMOGENIZED the ingredients to create a low viscosity, car wash product that does not separate. This allows the user to draw directly from the pail. We have now transformed large, bulky 55-gallon concentrated products into our new, 6-gallon NANO DRUMS without sacrificing quality or performance.

Goodbye 55 Gallon Drums!
• Saves Space & Freight
• Easy Handling
• Less Mess & Spills
• Reduces Carbon Footprint

6 Gallon Nano Drum = 55 CONCENTRATED GALLONS (OR MORE)

Super Pre-Soak: 3121
